

Hauling Economy

Ford

ONE-TON
TRUCK CHASSIS

\$380 F.O.B.
DETROIT

A price so low—a value so great—a utility so necessary that every merchant, manufacturer, contractor, farmer, should now own a Ford One-Ton Truck. Thousands in daily use all over the country, cutting hauling costs, saving time and making money for their owners.

Start today—put your hauling on a more efficient and more economical basis. Let us show you how a Ford One-Ton Truck Chassis will do this for you.

The Ford One-ton Truck Chassis is steady, dependable and efficient in service. It costs little to operate and maintain. Equipped with pneumatic, non-skid cord rear tires (solid tires optional). Your choice of special gearing $5\frac{1}{6}$ to 1 for speed delivery or the standard gearing of $7\frac{1}{4}$ to 1 for heavy hauling. We can supply a body to suit your needs.

Get all the facts. Come in, write or call up. Do this today. Terms if desired.
