**Ford**TransitConnect Van

Feel the difference

**If the tiling on the opposite page makes you feel a little uneasy, then we speak the same language.**

Just like us, you believe in doing a professional job.  
Just like us, it's a matter of pride.

That's why all our commercial vehicles – and the service that stands behind them – are designed to help make your business run like clockwork.

It's simply a matter of one professional dealing with another. You wouldn't expect anything less from us.

## Professional workmate

Tough design and a no-nonsense attitude. A civilised cabin environment with a host of car-like features. The choice of short or long wheelbase options. And an appetite for hard work. That's the unbeatable Ford Transit Connect Van.

Model: Transit Connect LWB Trend Van  
Options: Alloy wheels

## Built to work

The award-winning Ford Transit Connect Van is designed, engineered and constructed to the same uncompromising standards as the larger Ford Transit range. The result is standards of durability, functionality and strength that are unparalleled in Europe's small-van sector. However, never content to sit still, we have refreshed the interior and exterior, and the Euro Stage IV emissions compliant Duratorq TDCi diesel engines provide a refined and dependable ride.

## Short and Long Wheelbase

With short and long wheelbase options, a large functional load box, and up to 4.3 cubic metres of versatile loadspace with the passenger seat folded, the Ford Transit Connect Van will keep your business on the move.

### SWB Van

- 2467 mm maximum load length
- 843 kg gross payload (T220), 648 kg (T200)
- 3.40 cu.m loadspace (passenger seat folded)
- Space for two Europallets\*
- Room to stow a 2.4 m pipe with the passenger seat folded
- Turning circle 11.0 m (kerb to kerb)

### LWB Van

- 2714 mm maximum load length
- 902 kg gross payload (T230)
- 4.3 cu.m loadspace (passenger seat folded)
- Space for 2.4 m x 1.2 m building boards when loaded diagonally
- Room to stow a 3 m pipe diagonally with the passenger seat folded
- Turning circle 11.9 m (kerb to kerb)

### SWB Crew Van

- 733 kg gross payload
- Second row folding seats
- 1.4 cu.m loadspace (second row seats upright)
- 909 mm load length (second row seat to rear)

### LWB Crew Van

- 772kg gross payload
- Second row folding seats
- 2.1 cu.m loadspace (second row seats upright)
- 1172 mm load length (second row seat to rear)

\*Without bulkhead fitted.

LWB Trend crew van.

**1.8 Duratorq TDCi**  
Powerful diesel engine delivers up to 110 PS and 280 Nm of torque.

## Powerful partner

The Ford Transit Connect Van sets the standards in its class, engineered to provide a level of rugged durability never before seen in the compact commercial vehicle market.

Built and tested to Medium Commercial Vehicle standards, the Ford Transit Connect Van delivers outstanding strength and durability. The extensive use of thick, high-strength steel, a reinforced body shell with partial double-skin sides and twin side cross-members, plus a tough boron steel front cross-member all contribute to its outstanding low cost of ownership and useful vehicle life.

### Handling

The independent MacPherson strut front suspension combines with multi-leaf rear springs (single leaf springs on SWB 648 kg models) to endow the Ford Transit Connect Van with superior handling and roadholding, even when fully loaded. Accurate and responsive rack and pinion, power-assisted steering is fitted as standard and gives the SWB model a turning circle of just 11.0 metres kerb to kerb.

### Engines

The Ford Transit Connect Van is powered by a range of refined and dependable 1.8- litre Duratorq TDCi common rail diesel engines. Designed and engineered to deliver the optimum blend of efficient power and economy. All engines comply with Euro Stage IV emissions legislation and a maintenance-free coated diesel particulate filter (cDPF) is available as an option on the 90PS and 110PS engines.

### Brakes and wheels

All models are fitted with 15-inch, five-stud wheels (with reinforced tyres on selected versions) for greater load-carrying capacity. Large front and rear disc brakes, combined with standard ABS, help to extend service life and deliver outstanding stopping performance. New to the Ford Transit Connect is an Electronic Stability Program (ESP), which is standard on all vans.

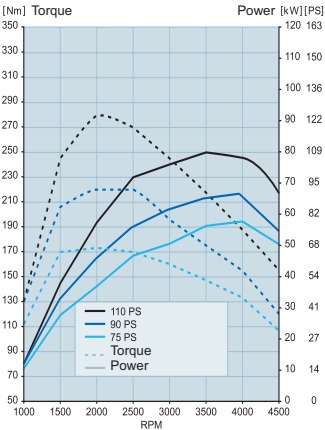

### Diesel (FWD)

1.8 Duratorq TDCi available in three power and torque configurations:

- 75 PS/175 Nm
- 90 PS/220 Nm
- 110 PS/280 Nm

### Transmission

- 5-speed manual transmission

Every day the Ford Transit Connect Van proves it has what it takes to get the job done. With a generous load box and outstanding access, thanks to its wide-opening rear doors and available twin sliding side load doors, the Ford Transit Connect Van will handle almost any task you throw its way.

## Functional space

Whether you are carrying goods, work materials or tools, the Ford Transit Connect Van provides all the loadspace you will need.

Upright body sides help to make the most efficient use of the loadspace, particularly when racking is used.

Minimal rear wheel arch intrusion translates into a huge 1226 mm of clear load-floor width – enough to carry two Europallets in the short wheelbase version, or a stack of 2.4 m x 1.2 m building boards\* in the LWB version.

\*When stored diagonally

### Standard features include:

- 1226 mm minimum width between rear wheel arches
- Flat side panels, ideal for signwriting
- Pre-threaded reinforced fixing points allow easy installation of universal racking systems or shelving without the need to drill holes into the vehicle
- Six DIN compliant floor tie-down eyes allow loads to be securely fixed
- Fold-flat front passenger seat provides a level cargo area for longer items, and doubles up as a handy work surface or table
- Full height folding mesh bulkhead
- Load floor liner

### Optional features include:

- Range of bulkhead options
- Purpose-designed roof rack
- Roof rack crossbars
- Ladder holder and rollers
- 250° rear cargo doors for wide-open access
- Rear tailgate (SWB only)
- Attitude/ride height pack (high payload vans, not T200 models)

#### Half-height, full-width steel bulkhead (Option).

#### Folding DIN compliant mesh bulkhead

Allows longer items to be carried and protects the driver against shifting loads (Standard).

#### Sliding side load doors

None, one or two side load doors available. Unglazed, glazed or with privacy glass (Option).

#### DIN compliant tie-down eyes (Standard).

#### Underseat stowage tray

Keeps items out of sight beneath the front passenger's seat (Option, not available with standard fold flat passenger's seat).

#### Tailgate

Unglazed or glazed. Privacy glass, heated window and wash/wipe also available (Option).

**Door mirrors**  
Large door mirrors, with blind-spot eliminators, fold flat to avoid accidental damage when parked.

The Ford Transit Connect Van is engineered to the highest possible levels of strength and durability for your peace of mind.

## Safety and security

The Ford Transit Connect Van has been designed to offer outstanding vehicle and occupant safety. Advanced computer modelling led to the development of a body structure that combines energy-absorbing crumple zones with a rigid shell for maximum occupant protection.

High-strength steel beams inside the front doors help to prevent intrusion in a side impact, while behind the front bumper is a boron steel cross-member that is designed to absorb and safely channel crash energy away from the occupants.

Security is paramount in a commercial vehicle. So the Ford Transit Connect Van incorporates a combination of state-of-the-art features to make it as secure as possible.

### Standard safety features include:

- Driver's airbag
- Height-adjustable inertia reel seat belts with grabbers and driver's seat belt pre-tensioner
- Anti-submarining ramps in front seat bases
- Anti-lock brakes with electronic brake-force distribution
- Electronic Stability Programme (ESP)
- Hazard Warning Lights: the turn indicators flash under heavy braking as a warning to following drivers
- Height-adjustable head restraints

### Optional safety features:

- Passenger's airbag\* (includes passenger airbag deactivation switch)
- Side airbags\* (not available with fold-flat passenger's seat)

### Standard security features:

- Ford's Safeguard Passive Anti-Theft System (PATS) engine immobiliser
- High-security shielded locks with strengthened mountings
- Unique lock-in-latch door lock system eliminates cables and rods between the lock and the latch
- Central/double locking
- Remote keyless entry with rolling codes
- Key-operated bonnet release
- Locking fuel cap
- Visible Vehicle Identification Number (VIN)

### Optional security features:

- Perimeter alarm with volume sensing
- Choice of bulkheads

\*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

### Occupant safety

Single-stage driver's airbag is fitted as standard.

### Lockable bonnet

Lockable bonnet can only be released using the vehicle key. The mechanism is fully shrouded to resist tampering (Standard).

### Full-height steel bulkhead

Full-height steel bulkhead provides added security. Also offered with glazed top panel, as shown (Option).

### Hazard Warning Lights

Turn indicators automatically flash under heavy braking as a warning to following drivers (Standard).

Model shown is finished in Frozen White and features the optional visibility pack

# Transit Connect Van

Built on a dedicated commercial vehicle platform, the hard-working and established Ford Transit Connect Van brings you all that is great about the range: robust construction; flexible loadspace; and a comfortable, car-like driving environment.

## Exterior features include:

- 6x15" steel wheels with hub covers
- Torque Grey bumpers
- Tinted glass
- Manually-operated mirrors
- Electrically-operated windows
- Remote central locking
- Passenger-side sliding side load door
- Electronic Stability Programme (ESP)
- Hill Launch Assist (HLA)
- Hinged, unglazed rear cargo doors
- Home Safe headlights

## Interior features include:

- New facia design
- Model 6000 RDS EON AM/FM stereo radio/CD with steering column-mounted remote audio controls, AUX-in and 'Keycode' anti-theft coding
- Steering column adjustable for rake/reach
- Fold-flat passenger seat
- Folding mesh bulkhead
- Front seat-back storage pockets
- Trip computer
- Centre storage
- 12-volt front power socket
- 6 DIN-compliant floor tie-down eyes

**Remote audio controls**  
Fingertip control of main audio functions (Standard).

**Load Floor Mat**  
Protects both your van and its load (standard).

**Remote central/double locking**  
Convenient and secure (Standard).

**Home Safe headlights**  
Remain illuminated for a short while once you're parked to guide you to your door (Standard).

**Unglazed cargo doors**  
For added security (Standard).

**Electrically-operated windows**  
(Standard).

Model shown is finished in Avalon metallic paint (Option), glazed full height steel bulkhead (Option).

**Note** It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

# Transit Connect Trend Van

The Ford Transit Connect Trend Van might be a new driving experience, but as soon as you get in, everything feels familiar. The well-equipped cabin acquits itself impeccably, because the more comfortable you are, the more productive you will be.

## Exterior features additional to Transit Connect Van

- Body colour bumpers
- Front fog lights
- 6x15" steel wheels with full Trend wheel covers
- Premium Visibility Pack, including Quickclear heated windscreen, rain sensing wipers, auto headlights, heated washer jets and electrically-operated and heated door mirrors

## Interior features additional to Transit Connect Van

- Brilliant Blue seat trim and instrument panel available as an option
- Bluetooth® with Voice Control System with second 12-volt power socket
- 6-way driver's seat with armrest and lumbar support
- Silver finish gearshift knob and radio/CD facia
- Aluminium steering wheel spoke shells
- Overhead full width stowage shelf
- Map reading light

**Bluetooth® wireless technology**  
Wireless mobile phone connection with voice recognition control for audio, phone and climate control (Standard).

**Interior design**  
Trend Van features aluminium trim accents (Standard).

**6 -way adjustable driver's seat with armrest and lumbar support**  
(Standard).

**Trip Computer**  
Displays information including fuel economy, distance travelled, ambient temperature as well as controlling parts of the van's functionality (Standard).

**Front fog lights**  
Enhanced visibility in poor driving conditions (Standard).

**Heated door mirrors**  
Part of Premium Visibility Pack (Standard).

Model shown is finished in Avalon metallic paint (Option) and glazed full height steel bulkhead (Option)

\*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

# Transit Connect Limited Van

With outstanding levels of comfort, convenience and functionality, the Ford Transit Connect Limited Van has it all. Great to drive, great to spend time in, it's not only a determined work partner but, with its roomy air conditioned cab, it serves as the ideal mobile office too.

## Exterior features additional to Trend Van

- 7 spoke 15" alloy wheels
- 1.8 Duratorq TDCi (110 PS) diesel engine
- Silver front grille
- Body colour door handles
- Rear parking sensors

## Interior features additional to Trend Van

- Auto-dimming rear-view mirror (only with glazed rear doors)
- Reading light
- Air conditioning
- Silver gear shift surround
- Leather steering wheel

### Alloy wheels

Fabulous 15" 7-spoke alloy wheels with 195/65 tyres (Standard).

### Silver gear shift surround

Enhances the interior look (Standard).

### Side airbags\*

Enhanced protection in a side impact (Option: Not available with fold-flat seat).

### Silver front grille

(Standard).

### Rear parking sensors

Makes parking easier. Switches on automatically when reverse gear is selected (Standard).

### Rain-sensing wipers and automatic headlights

Part of the Premium Visibility Pack (Standard).

## Transit Connect Styling Accessories

A range of exterior styling accessories

### Bonnet and bumper GT stripes\*

Accessory.

### Front and rear skid plates\*

Accessory.

### 18" alloy wheels

5-spoke design alloy wheels and 225/40 R18 tyres (Accessory).

### Body colour rear roof spoiler\*

Accessory.

### Exhaust trim\*

Twin square exhaust tailpipes with bright finish (Accessory).

### Side skirts\*

Accessory.

\*Supplied by MS Design. Please note that all supplier-branded accessories are provided with a supplier's warranty and are subject to the supplier's warranty terms. Such accessories are, therefore, excluded from the Ford warranty.

When your vehicle is an integral part of your business, it's important to have the freedom to tailor its specification exactly to your needs. So, with our extensive range of accessories, you'll find everything from mudflaps and tow bars to the latest satellite navigation systems. Each item has been specially developed to enhance both the efficiency and image of your business.

## Accessories

### Thule load stop and lockable ladder holder

Flexible load securing systems for the safe transportation of ladders, timber and pipes etc.

### Steel cage roof carrier

Sturdy steel cage roof carrier adds a new dimension to transporting materials and equipment (Accessory).

### Base roof carrier

Roof carrier is the base for all roof transportation attachments (Accessory – not illustrated).

### Rear window protection grille

Steel grilles offer added security for vans with glazed rear cargo doors (Accessory).

### 17" alloy wheels

17" 9x2-spoke classic design alloy wheels and 205/50 R17 tyres (Accessory).

### Dometic cooling fridge

Efficient, tailor-made cooling box uses 12-volt onboard system with integrated gel battery or, when parked, 230-volt mains supply. Maintains constant temperature of around 2°C at ambient temperature of 30°C. Total gross volume approximately 900 litres. Certified by ATP for food transport within Europe (Accessory – requires optional Dual Side Load Doors).

### Waeco rear-view camera

5" LCD colour screen provides clear visibility during the day and night. Automatically activates when reverse gear is selected and can be manually switched off (Accessory).

### Mobile navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system. Please contact your Ford Dealer for details (Accessory).

### Parrot CK3200 LS-Colour

Bluetooth® hands-free kit with a colour TFT screen. Displays your mobile phone information and the callers' photos. Built-in voice recognition and automatic phonebook synchronisation. Further models also available from your Ford Dealer (Accessory).

## For the next generation

We are all beginning to understand the impact that mobility is having on climate change. While we can't change things overnight, we are working very hard to find solutions.

### Making a difference now

Our latest range of engines complies with Euro Stage IV regulations. Duratorq TDCi diesel engines now develop more torque whilst delivering lower emissions. On Transit models, our Duratec 2.3L engine can be converted to run on liquefied petroleum gas (LPG) or compressed natural gas (CNG).

In the Ford car range, our optional Flexifuel engine is achieving emission reductions of around 30% to 80%\*\* compared to conventional petrol engines.

### Protecting the future

Using our Product Sustainability Index, a design for sustainability management tool, we are addressing the environmental, social and economic impacts of our vehicles from the earliest stages of their development\*.

We are working on a wide range of vehicle technologies from biofuels to hybrids and clean diesels, and in the long term to hydrogen fuel-cell technology with the potential for near zero CO<sub>2</sub> emissions.

### Improving our manufacturing facilities

We are constantly working to minimise the impact of our facilities on the environment. This includes pioneering on-site generation of electricity from sun and wind, implementing leading-edge manufacturing processes and full certification to the international standard for Environmental Management Systems; ISO 14001. This has led to improved environmental performance through savings in energy, water, material and waste-handling requirements.

### Recycling for good

In the interests of sustainability, many of our components contain recycled and renewable content. All Ford vehicles are at least 85% recyclable and 95% recoverable in accordance with ISO 22628. We offer free take-back for qualifying vehicles at the end of their lives. All our take-back points are fully licensed and must also meet additional Ford quality standards for the professional receipt, treatment and recovery of end-of-life vehicles.

This brochure has been produced on paper based on fibres from sustainable forestry, using a 100% chlorine-free (TCF) bleaching process.

Programme for the Endorsement of Forest Certification schemes  
This brochure is printed on PEFC certified paper promoting sustainable forest management.

## Making life easy

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

## Ford Credit

Your Ford Transit Specialist Dealer can offer simple, plain language advice on the various ways of financing your purchase. They can help you complete an application and get a decision, usually within 15 minutes. For further details, visit [www.ford.co.uk](http://www.ford.co.uk) or contact your Ford Transit Specialist Dealer.

**Ford Acquire** is a straightforward way to own your vehicle. Simply put down a deposit, pay the remainder, plus interest, over an agreed period and the vehicle becomes yours.

**Ford Business Partner** Contract Hire\* provides an affordable, convenient, flexible and simple way to finance your commercial vehicle.

**Ford Insure\*** offer quality motor insurance at competitive rates. You can enjoy peace of mind and reassurance with a great range of features and benefits that include in the event of an accident, all repairs carried out at Ford approved repairers, using genuine Ford parts. To keep you on the move a complimentary Ford loan vehicle is standard when using our Ford approved repairers. Ford Insure may not be able to offer insurance in some circumstances. Call 0800 048 0955 for a quote.

Finance subject to status. **Business Users only.** Guarantees/Indemnities may be required. FCE Bank plc, Freeport Nat18924, Room1/509, Brentwood, Essex CM13 3BR. Contact your Dealer for terms and conditions.  
\*Business Partner Contract Hire is provided by Lex Vehicle Leasing Limited, trading as Ford Business Partner, Heathside Park, Heathside Park Road, Stockport SK3 0RB.  
\*Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc (No. 93792). Registered in England and Wales at St. Mark's Court, Chart Way, Horsham, West Sussex, RH12 1XL. Authorised and regulated by the Financial Services Authority. For your protection, telephone calls may be recorded and monitored.

## Services

There are 222 Sales and 245 Aftersales Ford Transit Specialist Dealers across the UK, equipped and trained to meet Commercial Vehicle customer requirements. From these, 113 Sales and 95 Aftersales Dealers have achieved the 'Backbone standard' as recognition of their total commitment to delivering dedicated and professional sales and service support.

To find the location of your nearest Ford Transit Specialist Dealer, simply call the Ford Information Service on **0845 7111 888**, or visit the Ford Dealer locator at **[www.fordvans.co.uk](http://www.fordvans.co.uk)**

**Ford Protect** Every new Ford Fiesta Van is protected by a 3-year/60,000-mile Ford Protect Classic Warranty Plan, and also comes with a 1-year Ford Assistance package. Further details on roadside assistance are available on [www.ford.co.uk](http://www.ford.co.uk)

Ford Transit and Transit Connects are protected by a 3-year/100,000-mile bumper-to-bumper warranty.

Ford Transit Chassis Cab One-Stop bodywork is covered by a 3-year/100,000-mile warranty and a 3-year Perforation Warranty provided by the bodywork supplier.

**Ford Perforation Warranty** Every new Ford Fiesta Van, Transit and Transit Connect is covered by the Ford Perforation Warranty for 8 years<sup>9</sup> from the date of first registration.

**Ford Assistance** All new Ford Transits and Transit Connects are supplied with a 3-year Ford Assistance roadside package. Further details on roadside assistance are available on [www.ford.co.uk](http://www.ford.co.uk)

**Ford Rapid Fit** Our 'no appointments necessary, while-you-wait' fast-fit service for exhausts, brakes, batteries and more, at over 240 sites nationally.

**Ford Accident Repair Centres** Approved Ford Accident Repair Centres meet rigorous Ford standards and are the best place to return your vehicle to its pre-accident condition.

## Contacts

**Ford Customer Relationship Centre** In the unlikely event that your Ford Dealer can't help you or if you need to speak to us directly, call 0845 841 1111 at local rates.

**Ford Rental – local service nationwide** Car and van rental from our latest model range. Contact your local Ford Dealer for more information.

**Talkback – the company car drivers' club** This is your club for extended test drives, special events, and advice on tax and buying issues. Join free, even if you don't drive a Ford, on [www.talkbackclub.com](http://www.talkbackclub.com) or call 0845 605 55 66.

**Ford Mobility** Our MAGIC care centre provides free information on all motoring and mobility issues, including special offers for HRDLA and Motability recipients. Call free on 0800 240 241.

**Illustrations, descriptions and specifications.** This brochure was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack', etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of carefully selected products from our suppliers, which are featured under their own brands. All supplier branded products are subject to warranty terms defined by the relevant suppliers and do not lie within the responsibility of Ford. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. Other trademarks and trade names are those of their respective owners.

**The Government fuel figures** do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
